ORIGINAL LANGUAGE
French

CATEGORY
Documentary

DESCRIPTION
Students in the environmental design program at UQAM express their concerns by asking questions about the environment in which they live, work and study. Given the vastness of the topic, questions are raised without the expectation for answers. In this video a variety of techniques are used : photography, interviews, visual jokes and voice-overs to explore the issues raised.

WARNING
The quality of this video varies due to older technologies and image degradation.
