13:32

YEAR
1997

ORIGINAL LANGUAGE
French

CATEGORY
Video Art

DESCRIPTION
This is a story about a love story. We often believe that love stories are lived in a horizontal position, very very horizantal. However, love is experienced standing up. So I tell this story with both feet in the snow. I work with and within the limits of the screen to show how much love tends towards freedom, even when it's a story confined by its own history and form, in this case, video.

IMAGE FORMAT
4:3
