PLANÉTARIUM

DIRECTOR
Nelson Henricks

DURATION
20:33

YEAR
2001

ORIGINAL LANGUAGE
English
French (on-screen text)

CATEGORY
Video Art

DESCRIPTION
A whimsical science-fiction comedy soundtracked to a mix of pop music and experimental electronica, *Planetarium* explores our current fascinations with ufology, extraterrestrials and the future. A post-fin de siècle ode to the death of utopia, this video contrasts the vastness of outer space with the capacity to imagine; the cosmos that surrounds us an universe that exists inside our heads. File under experimental. Play at maximum volume.

SOUND
Stereo
