**DESCRIPTION**

This is a series of videos produced with a number of artists. It's a reflective document that led to the birth of an artists' centre. These are taped interviews by Normand Thériault, with artists talking about creation, distribution, influences, grants, etc. Each title is a testimonial. In this video, Cozic, Serge Tousignant and Serge De Laval present their point of view about the artist and the creative process in our society. Relaxed and seated on a sofa, they talk about their preoccupations, what they refuse to do and the goals they want to reach with their art.
