Documentary

DESCRIPTION
In the very heart of Mexico, 100,000 gather at the "garniaguerrero" where people fight to preserve their district. Most of the people would be defined as low income families and their means of subsistence are little, as there are very few businesses. To avoid eviction, they have created la "union de vecinos" (the neighbours' union) in order to fight for their rights and to prevent the destruction of their community.
