Réjean De Roy

DURATION
13:45

YEAR
1974

ORIGINAL LANGUAGE
French

CATEGORY
Documentary

DESCRIPTION
A concise portrait of André Fournelle, a sculptor, and his work. In the video, Fournelle describes his evolution and his notion of work. He believes that the artist’s direct contact with the material is an important factor, a fact that led him to create his own foundry. His work, captured in the context of exhibitions and sequence, demonstrates the possible inter-relationships between his pieces and the environment and illustrate the "situational" aspect of his process.
