DESCRIPTION
Summer 1985 : close to 15, 000 women gathered in Nairobi, "Kenya", to commemorate the end of the Women's Decade. The A.Q.O.C.I., in conjunction with the Montreal Immigrant Women's Collective, brings together Québécois women to the Forum where they tell stories of their love for these women from all over the world. *Echos de Nairobi* was modestly produced using testimonies given during these informational sessions. These women share with us their fears, their passions, their struggles... and what they have learned.
