2:08

YEAR

2003

ORIGINAL LANGUAGE

No dialogue

CATEGORY

Video Art

DESCRIPTION

An exchange between two individuals in separate spaces. An exercise in longing for someone.

SOUND

Stereo

FURTHER INFORMATION

"Similarly, in the video *Code d'accès*, the series of fixed shots produces a physical shift in space. Because each shot is connected to a moment on the sound track, the matching of shots creates temporal discontinuity in the spatial continuity of the shifting points of view. Between the recording of the shots a physical shift took place which is not included in the video but is present in the form of a break in the sound".
