DURATION
17:00

YEAR
1985

ORIGINAL LANGUAGE
French

CATEGORY
Video Art

DESCRIPTION
This video concerns itself with change and growth, visually and auditively confronting pleasure and pain, motion and stillness. We listen to the following quotation by Jean Dubuffet: "Can we know about being human? We are inside! To really -see- you have to be non-human. But the verb -to see- has no meaning, it's a lure, an illusion, because we alone create what we think we see".

SOUND
Stereo
