1993

ORIGINAL LANGUAGE
No dialogue

CATEGORY
Video Art

DESCRIPTION
XXII is a contemplative and hypnotizing visual tale, inspired by the Tarot of Marseille. By associations and suggestions, the video places a contemporary look at the symbolism of the traditional cards. The 22 major symbols compose a complex narrative structure of 22 episodes where the lives of 22 characters interconnect. The result is a sponataneous choreography of cards and destinies. This work combines 3-D computer graphics with video esthetics.
