DESCRIPTION
Nowhere in North America is motorcycling more popular than in Quebec. However, each year the motorcycle accident rate is consistently higher than that of automobiles. This sobering reality has prompted the production of *Vivre motocycliste*, a complete video documentary on safe driving practices. This educational tool encourages preventative attitudes and demonstrates several useful techniques for safer riding. *Vivre motocycliste* is for any current or future motorcycle enthusiast, especially those between the ages of 18-25.

Episode # 3 : *La moto : les pièges n'ont pas tous 4 roues*. Know how to forsee danger and control your motorcycle while encountering naturally occuring obstacles and road hazards : unstable and wet surfaces, objects on the road, animals, bridges, riding in the rain and at night, passengers.
