DESCRIPTION
In this silent movie stemming from another time, we follow Clara's animated route, been born in a bourgeois family and which, because of a magnetic storm, develops a sick sympathy for rabbits. Small scientific so called genius obsessed by the rabbit transformation, she grows up and goes bad and then gets a job with the Baklava Circus. But finally she reaches the glory, hits the headlines of Paris Match and Life, meets a rich Arabian prince and finds the financing for her highly scientific projects. How far will she go?
