

# YOGABORG

**DIRECTOR**

Istvan Kantor

**DURATION**

1:32

**YEAR**

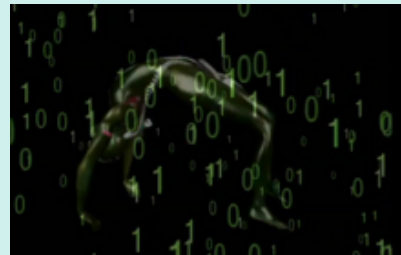

2003

**ORIGINAL LANGUAGE**

No dialogue

**CATEGORY**

Video Art

**DESCRIPTION**

Suffering from the endless bombardment of digital information, the contemporary man fuses hardware onto his body in order to deal with this constant flux and become a yogaborg. It is a successful marriage that even includes symbiotic sex, conveyed by the completeness of the meditative act. An educational animation that illustrates its neological title.
