DESCRIPTION
A meditation in two parts. The traveller lays up a set of headphones and tranforms his tropical setting into a concert stage, listening to an acoustic cover of The Stooges' hit which gives this movie its title, the one ranked 438 on *Rolling Stone* magazine's 500 best of all time.

A palm tree-gilded road in rural Cuba is the setting for a meditation on a dog's life. Traffic flows accommodate the uneasy terrain, the fellow travellers, as if we were all in this together. After Iggy Pop, the balm of Adorno.
