Film shot for the One Take Super 8 in Montreal in 2009.

SHOOTING FORMAT
Super 8

FURTHER INFORMATION

The non-competitive event One Take Super 8 was launched in 2000; around fifty editions have since taken place in several cities. Each participating filmmaker shoots a single reel of Super 8 film, which is then screened without the filmmakers seeing their work first. All films are shown as shot, without editing.

KEYWORDS
Film, 8 mm, abstraction
