**YEAR** 

2022

**CATEGORY** 

Experimental

Installation

Video Art

## **DESCRIPTION**

From samples of moving images of a metronome (in a pyramidal shape), various visual and rhythmic patterns are explored in order to stage the sound. This tribute to the composer György Ligeti is inspired by a piece for one hundred metronomes (preferably in a pyramidal shape), a conductor and ten performers, entitled Poème symphonique which is 60 years old.

SOUND

Stereo

**SHOOTING FORMAT** 

4K
