Nada El-Omari

DURATION
7:47

YEAR
2019

ORIGINAL LANGUAGE
English (text on-screen)
French (on-screen text)

CATEGORY
Experimental

DESCRIPTION
Yaffa is a short experimental film in which space and time become meshed together to form the fragments we create our stories from. In those pieces of images, memories arise and stories retell themselves. It is through our mutual time, words, explorations and spaces that I realized my grandfather gifted me a home.
