Fiction

Image not found or type unknown

**DESCRIPTION**

Drawing from both detective and horror films, this fictional work created by teenagers tells the story of a savage murderer who is being pursued by the police. The murderer draws blood from his victims with a music box and leaves messages in his victims' hands. He is found and killed by a police officer, only to return as a vampire. The child of one of the victims escapes and tells the police officer, all of which leads to a bloody final scene.
