**DESCRIPTION**

Toilet, Washroom, Water Closet, or Lavatory, all these words are used to describe the place where we go to take care of one of the few very visceral body experiences that we cannot avoid or hide. We lock ourselves in small rooms, wipe the seat with toilet paper and do what we must. I wanted to show a series of people using the toilet without the dividing walls that normally separate us.

SOUND

No sound

SHOOTING FORMAT

MiniDV

KEYWORDS

Bathroom, Intimacy, Proximity, Body, immobility

THEMES

Art and culture

Private life
