DESCRIPTION

These five short videos - *Isle*, *Zen avec courant d'air*, *L'oeuf l'oiseau le petit chien et le magicien*, *Georges Perec seul dans sa piaule* and *Nationale 1000* - are an explosive cascade of contemplative situations, more or less active through an apparently grotesque position. They speak of objective stimuli which bombard an Occidental individual's conscience, particularly of French background.

"Produce meaning with what has no sense."

-L. Connanski
