Documentary

DESCRIPTION

Tempo réseau is a documentary project whose viewpoint examines the impact of communication networks on our cultural space. Theorists express their viewpoint on this new reality and artists present projects that integrate the internet, as well as others networks. This video project is the continuation of Danièle Racine's previous documentary video, *Mouvement réel*, which she produced in 1998 and which represented 15 media artists from Tokyo, London, Peking, New York and Montreal.
