Yoakim Bélanger

DURATION

0:10

YEAR

2010

ORIGINAL LANGUAGE

No dialogue

CATEGORY

Dance

**DESCRIPTION**

A huddled man awakens upon himself, animates himself and deploys himself. A trip to the center of oneself, an exploration and personal confrontation facing our fears, our emotions and our quest for achievement. A hybrid film realized using photo sequences, textures and traditional video. A choreography of a soul, a visual exploration where the technology meets the painting and the dance.
